## School of Jewellery Design

Where Legacy Meets Skill

**We teach you how to build a global jewellery brand**

50 Years of Educational Excellence meets 30 years of Jewellery industry mastery.

50+ years of educational excellence,  
FORE School of Management

Curriculum designed by third-  
generation industry veterans

10+ years of jewellery design mastery  
Design Academy of India

**\$90 Billion  
Jewellery  
Industry is  
growing and  
You are still  
not part of it**

## **The Legacy & The Partnership**

**Two Institutions. One Uncompromising Standard.**

Five decades: FORE School of Management has shaped global leaders across industries. Now, for the first time, FORE turns its renowned rigour and academic legacy toward the world of jewellery design.

The Expertise: In partnership with the Design Academy of India—a school built by Jewellery experts who have spent decades training Jewellers and working at the heart of the trade, Creating a rare, professional program that refuses to compromise on technology, creativity, credibility and career.

Our Promise: This is not a certificate program with an empty folder.

This is a Launchpad. We don't just teach you to design; we prepare you to lead the industry and Launch your successful career.

## **The Opportunity**

India's jewellery industry is no longer just about traditional workshops. It is a booming global powerhouse adding \$8 billion in value every year. From retail giants like Tanishq and Malabar to high-growth e-commerce brands like CaratLane, the demand for professional Jewellery designers and Gemologists is at an all-time high.

## **The Gap**

Most aspiring designers have the inspiration, but they lack the technical rigour. They can sketch, but they don't know if it is manufacturable? They have ideas, but they cannot price their design. They spend money and time, but don't have a portfolio that proves they can handle production.

## **The Solution**

FORE School of Jewellery Design (FSJD) & Design Academy of India (DAI) bridges this gap. We combine the institutional strength of FORE with the deep trade secrets of DAI. We built a structured path for your incomparable career in Jewellery industry.

# Small Batches. Personalized Mentorship Real Results

## Professional Jewellery Design Course

### Why Choose FSJD?

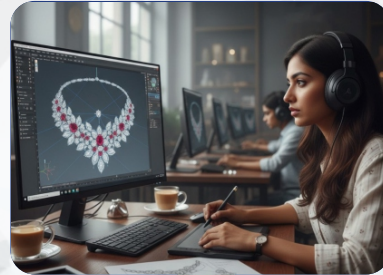

- Only 10 Students per batch:
- Individualised attention.
- Hybrid Learning: Workshop-based craft sessions combined with online assignment modules.
- 100% Placement Support: Direct access to a global network of manufacturers, retail stores, suppliers and luxury houses.

### Courses

## Dual Pillars of Professional Excellence.

### The Qualified CAD Professional (QCP) Program

From Artistic Concept to Global Luxury Market

01

#### Level 1 (CAD Foundations)

(30 days – 100 hrs) — 10 seats

02

#### Level 2 (Advanced Jewellery CAD Engineering)

(30 days – 125 hrs) — 10 seats

03

#### Level 3 (Design-to-Market Masterclass)

(30 days – 140 hrs) — 10 seats

### Your Journey to Mastery

Our comprehensive three-level curriculum transforms creative vision into industrial precision. You will start with the **foundations of jewelry design**, bridging manual sketching with 3D CAD logic to create essential gold forms. As you advance into **production engineering**, you will master the technical art of precision stone setting (Prong, Bezel, Pavé) and gold weight calculation for complex, stone-studded designs. The program culminates in a **luxury masterclass**, where you will engineer high-end collections, gain hands-on exposure to 3D printing and casting, and master photorealistic rendering and storytelling. Whether you are building a production-ready model or a digital catalog for global clients, this program provides the end-to-step expertise required for the modern luxury industry.

### The Qualified Gem Professional (QGP) Program

Master the Science, Value, and Authenticity of Gemstones

01

#### Level 1 (Gemology Basics)

(5 days) — 20 hrs

02

#### Level 2 (Intermediate Gemology)

(7 days) — 42 hrs

03

#### Level 3 (Advanced Professional Gemology)

(15 days) — 75 hours

### Your Path to Gemological Expertise

Unlock the secrets of the world's most precious stones through our intensive three-tier QGP program. Your journey begins at **Level 1 (Basics)**, where you will master the fundamentals of diamonds (4Cs), gemstones, and pearls, learning to price stones and spot common imitations. You then progress to **Level 2 (Intermediate)**, gaining hands-on experience with professional gemological instruments and microscopic inclusion study to distinguish natural stones from lab-grown CVD diamonds. The program reaches its peak at **Level 3 (Advanced)**, focusing on laboratory-grade testing, origin determination, and advanced treatment identification (HPHT/Flux). From global trade practices to real-market valuation, this program transforms you into a world-class expert capable of identifying and valuing the rarest gems in the global market.

# From Classroom to Craft

Our graduates don't just complete a course. They walk out with portfolios, placements, and the confidence to pitch their work to studios they once thought were out of reach.

“

The mentorship here doesn't stop at technique. It shapes how you think about design and commerce.

*Rohit K., Founder,  
Contemporary Jewellery Brand*

“

I walked in unsure. I left with a portfolio, a business plan, and my first client.

*Ananya S.,  
Jewellery Design Graduate*

“

This wasn't just training. It was transformation.

*Megha J.,  
Independent Jewellery  
Entrepreneur*

## Register Now

Your journey doesn't begin just online. It begins with a visit. Come see the workspace. Meet the mentors who have spent 30 years in the trade. Speak with your instructor and see what they have in store for you.
